How To Use This Book

Alphabet Readers includes thirty-one reproducible storybooks consisting of twenty-one beginning consonant sound stories, five short vowel sound stories, and five long vowel sound stories. Word lists and additional alphabet activities are included on the last page of each storybook.

Directions: Reproduce a storybook for each child. Color, cut out along the dotted lines, and staple the pages in numerical order.

Follow all the reading suggestions and activities found on the last page of each storybook.

The children in your classroom will be thrilled when they are allowed to keep and bring home the storybooks that they have learned to read at school. What an easy and inexpensive way to get reading materials into the hands of children and their families. Watch the eyes of the children light up as they get to keep each new story!
