My “All About Me” Book Activity Suggestions

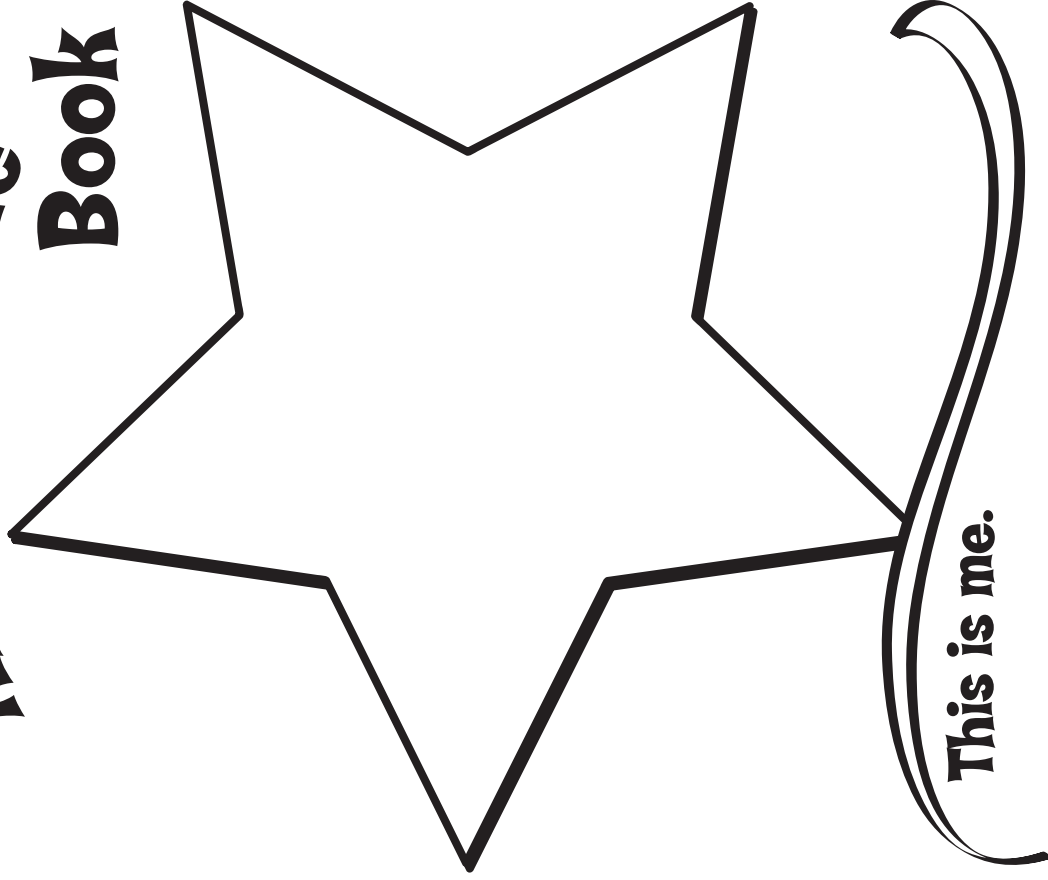

How to Make My “All About Me” Book: My “All About Me” Book (pages 120A–133A) is a fun book that the children can work on and add pages to all throughout the year. Copy the pages and cut along the dotted lines. Provide each child with a pocket folder to store all of their completed pages. When the books are finished, help the children punch two holes on the left side of each of the pages, and then bind the pages together using yarn or brads.

Getting Started

- Cover:** Begin this project by letting the children color their covers (page 120A) and tape photographs of themselves on the center of the star.
- Page 121:** Ask the children to bring to school baby pictures of themselves for the page “This is what I looked like as a baby.”
- Pick and Choose Pages:** The teacher can pick and choose pages for the children to work on throughout the year. Pages may be chosen simply for fun or pages may be chosen because they correspond to various instructional thematic units. For example, the children could complete the page, “This is my pet . . .” (page 123A) while working on a thematic unit about “pets,” or “This is my address,” (page 122) could be completed when they are working on a thematic unit about home, family, or community.
- Adding Extra Pages:** Encourage the children to add pages of their own throughout the year. Page 133A may be used as a template for any additional topics.
